

# Flying Geese - No Waste Method

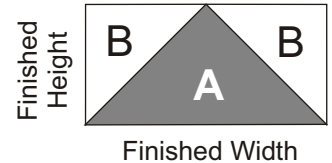

Makes 4 Flying Geese that are the same colors, finished width is twice the finished height, and includes 1/4" seams.

## Cut:

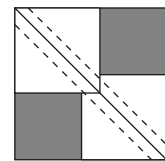

**Fabric A** - One square =  $1 \frac{1}{4}$ " + finished width = \_\_\_\_\_

**Fabric B** - Four squares =  $\frac{7}{8}$ " + finished height = \_\_\_\_\_

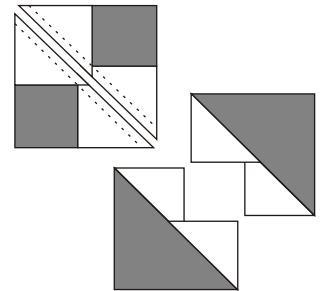

1. On the back of the Four Fabric B squares draw a diagonal line.
2. Place One Fabric B square right sides together and on top of One Fabric A square, in both the lower right corner and the upper left corner, lining up the drawn diagonal lines.

Sew a scant 1/4" seam on each side of the drawn diagonal line.

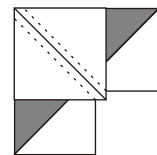

3. Cut on the drawn diagonal line. Press to Fabric B squares. Trim dog ears.

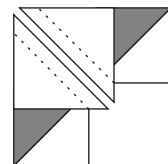

4. Place One Fabric B square, right sides together, on top of the remaining Fabric A corner with the drawn diagonal line in the corner.

Sew a scant 1/4" seam on each side of the drawn diagonal line.

5. Cut on the drawn diagonal line. Press to Fabric B. Trim dog ears.
6. Repeat Steps 4 and 5.

Yields Four Flying Geese units.
